With the heat rapidly approaching we look forward to a Summer full of fun and activities, but before that we have a couple weeks left of school!

We will continue to discuss with the children about the importance of social distancing, washing our hands and wearing our masks. We highly encourage parents to have the same discussion at home.

Monthly Curriculum

This month the children will be focusing on:

School Year Review— teachers will use this week to perform end of the year assessments and review the alphabet, numbers, shapes, colors, etc. as we prepare for graduation at the end of the week!

Summer Fun— a week of summer fun, best of all our Graduation and we will end the week with our Summer Kick of Party!

Underwater Animals— during this week classrooms will focus on all kinds of sea life; fish, turtles, dolphins, whales, and even beach birds.

Summer Safety

With all the fun things to do it is very important everyone stays in tip top shape. In order to do that we have a few rules we think would help us all get through the summer safe!

- ◆ Please make sure children wear appropriate shoes. Please no flip flops for preschoolers.
- ◆ If you would like a teacher apply sunscreen over the Summer please make sure to fill out a sunscreen waiver

We are all so very excited for our Summer of STEAMing Across America starting July 1st so please don't forget to stop by the office to make your Summer Registration Fee of \$50, if you have any questions please feel free to speak with the office, Thank you!
