Spotlight on Ms. Patsy!

My passion for teaching started back in 2010. I was a 911 dispatcher at night and would volunteer at my daughter's elementary school during the day. I absolutely loved working in the classroom with the students. It was then that I decided to go back to school to become a teacher. I have trained in Montessori for 3 years, traditional preschool for 1.5 year and 7 years with school age children. I am currently working towards my bachelor at California State University of Long Beach and my ultimate goal is SLT for school age children.

I am a mother of 5 (2 of my own and 3 step children), a grandmother of 2 (I go by Lola). As a family we are very close and supportive of each other. When I am not teaching or preparing an activity for my students I am working on scrapbooks, painting with my daughter or spending time with my grandkids. I look forward to teaching my students everything they need to know to become successful scholars!
